

Practice

PLEASE **DARKEN** THE CORRECT ANSWER CHOICES.

For each lettered feature on the map above, darken all of the characteristics below that apply. [Suggestion: start with letter A. Darken that letter for all of the descriptions that apply to location A on the map. Continue the process one map feature at a time.]

- | | | | | | | | | |
|-----|---|---|---|---|---|---|---|---|
| 1. | A | B | C | D | E | F | G | Steep, <i>composite cone</i> volcanoes can be found here. |
| 2. | A | B | C | D | E | F | G | Relatively violent eruptions of lava <i>can</i> occur here. |
| 3. | A | B | C | D | E | F | G | Relatively gentle eruptions of lava <i>can</i> occur here. |
| 4. | A | B | C | D | E | F | G | Shallow earthquakes can occur here. |
| 5. | A | B | C | D | E | F | G | Deep earthquakes can occur here. |
| 6. | A | B | C | D | E | F | G | Situated over a relatively cool part of the mantle |
| 7. | A | | C | D | E | F | G | New ocean crust is being created here. |
| 8. | A | B | C | D | E | F | G | Situated over a relatively hot part of the mantle |
| 9. | A | B | C | D | E | F | G | There are tall mountains , but they are not volcanoes. |
| 10. | A | B | C | D | E | F | G | Rounded, <i>shield</i> volcanoes exist here. |
| 11. | A | B | C | D | E | F | G | There is an ocean trench in this location |
