

Climate Map Practice EPS 200

For each description, list the numbers of all of the locations that match that description.

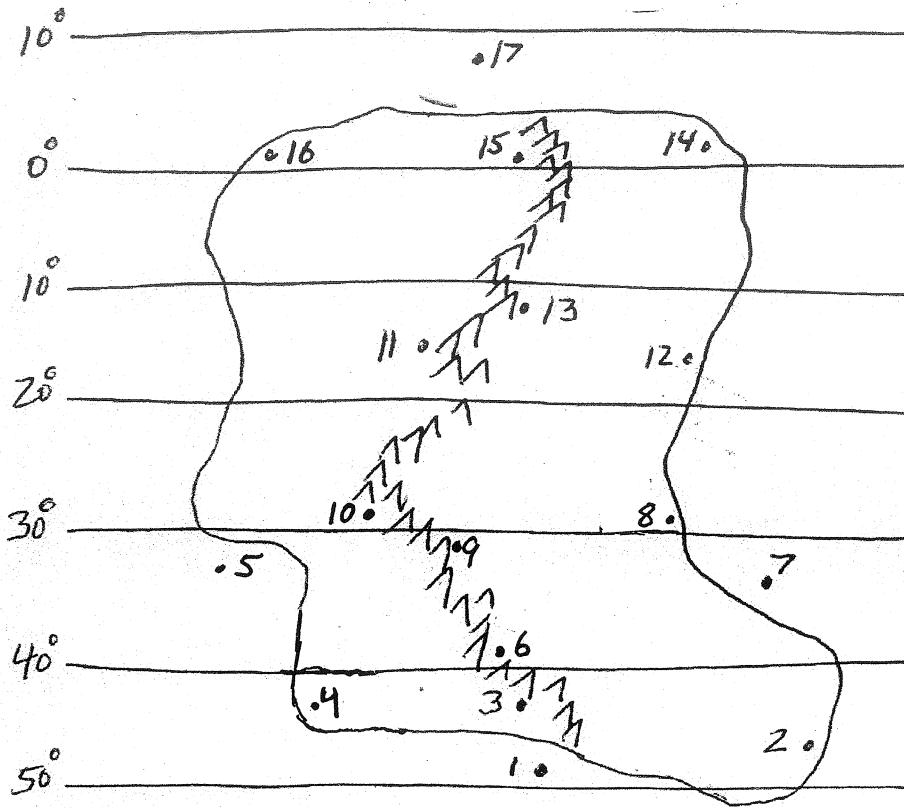

1. It's in a high pressure belt.
2. It's in a low pressure belt.
3. It's in a major desert (not caused by rainshadow effect).
4. It's in a major rainforest (not caused by rainshadow effect).
5. It's in a summer wet / winter dry region.
6. It's in a summer dry / winter wet region.
7. It's wet because of breezes from the ocean.
8. It's wet because of the rainshadow effect.
9. It's dry because of the rainshadow effect.
10. It's in a relatively cold ocean current.
11. It's in a relatively warm ocean current.
12. It's experiencing a wind that is coming more from the west than from the east.
